**Worksaver® ATV Attachments... Quality Designed and Innovative Acreage Products That Work the Way You Live!**

**ATVK-400  
Electric Seeder/Spreader**

- Excellent for seeding pastures and wildlife food plots; easily spreads granular fertilizer and other granular materials.
- Lower profile mount allows the unit to fit most all brands of ATV's.
- Durable, maintenance-free 1-bushel polyethylene hopper is translucent for easy monitoring of hopper material level.
- Reliable 12-volt electric motor with variable speed control offers outstanding spread coverage, under most seeding conditions.
- Control lever is within easy reach of the operator.
- Complete wiring package is included for simple hook-up.

**ATVK-400 Electric  
Seeder/Spreader Specifications:**

Mount Type..... Rear Mount  
Frame Construction ..... Welded Steel  
Hopper ..... Translucent Polyethylene  
Hopper Capacity..... 1 Bushel  
Power Source..... 12-Volt Electric Motor  
Power Connections..... Wiring Kit Included  
Control..... Variable Speed (Operator Accessible)  
Shipping Weight (lb/kg) ..... 42/19  
Product Item Number..... 403425

- FOD-16 Flip-Over Disc**
- Ideal for tilling wildlife food plots and larger gardens.
  - Patented design allows for easy "flip-over" from transport to cultivation mode.
  - Eight (8) 16" notched blades are designed for efficient trash cutting and optimum soil penetration.
  - Disc gangs are set at 20° angles for maximum cutting.
  - Frame design has a platform for adding up to three (3) concrete blocks for deeper cutting depth and better soil penetration.

**FOD-16 Flip-Over Disc Specifications:**

HP Requirements (minimum)..... 18 HP or 350 cc  
Construction..... Welded Steel  
Operating Width (in/cm) ..... 60/152  
Overall Width of Frame (in/cm) ..... 53/135  
Overall Height (in/cm) ..... 35/89  
Length with Tongue (in/cm) ..... 70/178  
Tire Size ..... 4" X 12" Pneumatic  
Axles (in/mm) ..... 1/25 Square  
Bearings..... Cast Iron with Grease Zerk  
Shipping Weight (lb/kg) ..... 240/109  
Product Item Number..... 940420

- Excellent for breaking up disced soil in gardens and food plots for final seeding preparation. Breaks up and scatters manure in pastures. Grooms riding arenas.
- Simple design allows for easy "flip-over" from transport to operation mode.
- Staggered tooth pattern breaks up soil chunks more efficiently and provides optimum coverage.
- Spike tooth angle is adjustable, which allows the harrow to serve two purposes- to be either an aggressive tillage tool or to work as a surface smoothing tool.

**Flip-Over Harrow Specifications:**

HP Requirements (minimum)..... 18 HP or 350 cc  
Construction..... Welded Steel  
Operating Width (in/cm) ..... 60/152  
Overall Width of Frame (in/cm) ..... 62/157  
Length with Tongue in Transport (in/cm)..... 83/211  
Length with Tongue in Working Position (in/cm) ..... 95/241  
Tire Size ..... 4" X 12" Pneumatic  
Hitch Type..... Clevis Type  
Number of Tooth Bars ..... 5  
Number of Spike Teeth ..... 42  
Tooth Pattern..... Staggered  
Spike Material..... Forged High-Carbon Steel  
Tongue Weight in Transport (lb/kg) ..... 58/26  
Shipping Weight (lb/kg) ..... 205/93  
Product Item Number..... 940500

- Flip-Over Culti-Packer**
- Perfect for final compaction after seeding your food plot. Reduces air pockets and increases seed germination. Helps prevent erosion.
  - Unique design allows for easy "flip-over" from transport to operation mode.
  - This machine can also be used for breaking the crust of rain-hardened soil, to allow emerging seedlings to break through and grow.

**Flip-Over Culti-Packer Specifications:**

HP Requirements (minimum)..... 18 HP or 350 cc  
Construction..... Welded Steel  
Operating Width (in/cm) ..... 50/127  
Tire Size ..... 4" X 12" Pneumatic  
Number of Culti-Packer Wheels ..... 22  
Culti-Packer Wheel Material ..... Cast Iron  
Shipping Weight (lb/kg) ..... 274/124  
Product Item Number..... 940400

### Landscape Rake

- Designed for quick and easy clean up of leaves and debris from large areas of lawn, pastures and roadsides– keeps your property neatly groomed.
- Spring steel tines are spaced at 1” intervals for thorough raking; debris is “windrowed” for easy collection and pick-up.
- Welded steel construction for durability.
- Clevis-type hitch allows for quick and easy hook-up to ATV.
- Rakes are available in 4’, 5’ and 6’ widths.

### Landscape Rake Specifications:

Rake Type .....	Pull Type
Rake Widths (in/cm): .....	4’ Rake..... 48/122
.....	5’ Rake..... 50/152
.....	6’ Rake..... 72/183
Hitch Type .....	Clevis Type
Angle Positions .....	5
Tines.....	5/16” X 1” Heat Treated
Height Adjustment .....	Turnbuckle
Raise/Lower Mechanism .....	Rope Pull-Lever
Tire/Gauge Wheels .....	Pneumatic
Shipping Weight (lb/kg): ...	4’ Rake..... 195/88
.....	5’ Rake..... 205/93
.....	6’ Rake..... 225/102
Product Item Number: .....	4’ Rake ..... 341940
.....	5’ Rake ..... 341945
.....	6’ Rake ..... 341950

### Box Scraper

- Specially designed for moving dirt, grading and spreading topsoil, gravel or driveway rock– exceptional utility for a wide range of grading and leveling applications.
- 42” scraper box made of heavy gauge steel for long life.
- Pneumatic tires are used for transport and gauge wheels.
- Clevis-type hitch allows for quick and easy hook-up to ATV.

### Box Scraper Specifications:

Scraper Type.....	Pull Type
Width (in/cm).....	42/107
Hitch Type.....	Clevis Type
Height Adjustment .....	Turnbuckle
Raise/Lower Mechanism .....	Rope Pull-Lever
Tire/Gauge Wheels .....	Pneumatic
Shipping Weight (lb/kg) .....	190/86
Product Item Number.....	341960

Interchangeable, flexible chassis design can accommodate either the landscape rake tine bar OR the box scraper assembly, offering the owner/operator even more versatility with this equipment.
